Faster and Easier Than Custom Fabrication

Modular Work Platform and Cross Over Stairs

ErectAStep quickly configures to gain safe access for maintenance and crossover applications for pipes, dike walls and other obstructions. Three platforms together provide up to 9' of linear clearance, without a tower support required. All pre-engineered and OSHA compliant. No fabrication required.

Safety made Simple.

Bolts Together

No welding or fabrication required to construct any configuration.

Our proprietary configurator software brings our products to life right before your eyes! ▼

5 Main Components

Unlimited Configurations

UNIVERSAL PLATFORMS

PLATFORM HANDRAILS

TOWER SUPPORTS

SAFETY STAIRS

LADDER UNITS

Why buy ErectaStep?

1. Simple design and estimation with our patented online configurator app
2. Pre-engineered components - For less cost than custom fabrication
3. Completely Universal - Quick bolt-together assembly for fast installation
4. Fully engineered and safety compliant
5. In stock and ready to ship!

Bolts Together

No welding or fabrication required to construct any configuration.

From Unsafe Cross Over

To Safe Access

Without Costly Engineering or Fabrication
